The Arc's Impact in Central Massachusetts

63

People living in 1 of 13 group homes across Central Massachusetts call The Arc home

15,021

Hours of training to support compliance, unique needs, and employee development initiatives

1,232

People from 76 local cities and towns urged Governor Baker to support hazard pay for DSPs

50

Program participants received their first ever personal computer through grant funding

I keep people safe working as an essential employee during COVID. In my janitorial duties, I disinfect and clean spaces of all sizes. My routine helps me do the best job possible by staying on task. I enjoy showing up everyday to get the job done." - Chris K.

208

People supported at home are 25x less likely to develop COVID than those living in long-term care facilities

\$646,591.67

Spent on protective equipment, testing, infection control, and added wage cost in response to COVID

316

Employees at The Arc come from 18 countries and speak 21 different languages

3,412 +

Hours of virtual programming and supports reduce isolation and connect people together

"Working at The Arc means more than a paycheck. Every day is a chance to transform, inspire, and recognize abilities. As a Case Manager for over 7 years, I've learned so much from those I support and their families. I'd do this for a lifetime, even if it was volunteer opportunity." - Josiah R.

27,304

Hours of nursing, clinical, and behavioral supports provided to participants virtually or in-person

28

Participants in employment supports worked throughout COVID as essential employees

1,252

Donated handcrafted masks from 38 community members kept participants and staff safe from COVID

160

Participants and their families joined over 84 Family Support Programs hosted by The Arc

"The Arc goes above and beyond to support our son and family. Throughout COVID, staff identified solutions to meet Alex's needs and checked-in weekly. Since his return to program, we can depend on staff to keep him safe for each challenge and triumph." - The Campbell Family
